"After Germany Has Won"

Listen to the words of the Hun, spoken by his duly authorized Imperial Chancellor:

"After Germany has won, the United States will find herself confronted with an indemnity which will about equal the entire amount expended by Germany in the whole war. For every been to the Allies, for every bullet, shell, every gun, every conceivable item of war material shipped by America to the Allies, there will be an accounting in gold."

How do you like it?

How do you like the idea of footing Germany's war bill after she has won the war?

Whether you like it or not, you know that what the Imperial Chancellor says is absolutely true—

if Germany wins the war.

Therefore it is up to you right now to do

your share to see that Germany does not win the war, so that your money will not be given to pay the expenses of the Hun.

Would you rather lend your dollars to America or give them to the Hun?

Choose now. The amount of LIBERTY Bonds you buy is your answer to the impudent boasting of the Hun.
